Re: Formal Approval of Notice of Intention to Commence Large Mining Operations,
Approval of Transfer from Neil Bradshaw to 3-H Landscape Products, LLC, and
Approval of Form and Amount of Reclamation Surety, Bright 1 & 2 Mine, M/021/030,
Iron County, Utah

Dear Mr. Holt:

On December 8, 2003, the Associate Director of the Division of Oil, Gas and Mining formally approved the form and amount of reclamation surety and the transfer of the Bright 1 & 2 Mine from Neil Bradshaw to 3-H Landscape Products, LLC. The reclamation surety in the amount of \$48,300 is in the form of a Letter of Credit (#154000020) issued by Sun First Bank of St. George, Utah.

The Division hereby grants its final approval of the large mining notice of intention, the reclamation surety, and the transfer of the Bright 1 & 2 Mine from Neil Bradshaw to you. You are obligated to perform the mining and reclamation standards that are outlined in the Notice of Intention to Commence Large Mining Operations as submitted by Mr. Bradshaw, which has now been transferred to 3-H Landscape Products, LLC. A copy of that notice has been stamped "approved" and is enclosed for your records. Also enclosed are copies of the fully signed and executed Transfer Form, Reclamation Contract and Letter of Credit forms for your files.

You may now begin mining operations as outlined in that large mining notice of intention. Please be advised that you must also acquire formal approval from the Bureau of Land Management, before beginning mining operations on federally managed land and/or minerals.

If in the future, you wish to modify your mining and reclamation plan, please furnish a redlined and strikeout version of the page(s) you wish to change. When the changes reach final

approval, a clean version of the pages will need to be submitted to be incorporated into the approved plan.

With the transfer of this notice to 3-H Landscape Products, Mr. Neil Bradshaw is released from any mining and reclamation obligations at the Bright 1 & 2 mine site. 3-H Landscape Products, is fully responsible for all mining and reclamation responsibility at the site. Mr. Bradshaw still remains the claimant/owner of the property. Any arrangements you make to operate on his site are strictly between 3-H Landscape Products and Mr. Bradshaw.

Thank you for your help in finalizing this permitting action. We look forward to working with you as a new operator of this site. Please call me at (801) 538-5286 or Doug Jensen at (801) 538-5382 if you have any questions regarding this letter or the documents enclosed.

Sincerely,

D. Wayne Hedberg
